HORTICULTURE FIELD CROPS - RULES

1. Please read Junior Class rules first.

2. For a sheaf exhibit, cut several hundred stalks of clean straw with good ripe heads and strip off the leaves. Tie the stalks into a neat, attractive bundle and square off the end with knife or shears.
3. For a threshed grain exhibit, run a bushel through the fanning mill several times and provide a peck of plump uniform kernels.
4. When corn is exhibited before it is ripe, it is shown as a tied bundle of four stalks. Stalks should be uniform in size and height and should have good ears of uniform maturity on shanks of uniform length. The ears should be uniform in height on the stalks, 3 to 3-1/2 feet from the bottom. Tied corn stalks must be exhibited in a plastic bag that is placed in a plastic pail. Ties, bundling, material, etc. must be provided by exhibitor.
5. One exhibit per entry number.
6. All entries must be tagged with the named variety of the crop.
