Furthermore, the submission of the divisions and classes provided verifies that you agree to not show any of these exhibits at any other county fair in the State.

### Helpful Hints for Division Entries

Notice that in each Division, the last entry number is an 'Any'. The rules dictate that an Exhibitor may place only one entry in each Entry Number. To encourage more articles, this 'Any' entry has been included. As an example, you have entered an *Adult Sweater* in Division: Knitting, Entry No 1, but you have knitted two fine adult sweaters and would like to enter them both. Rule #3 tells you that you cannot enter two items under the same Class Number. The 'Any' entry number allows you to do this and encourages more entries.

Recycled- another word that must be defined. Recycled in Division - Woodworking, Class 8, means that the entry must be of recycled wood or a wooden article. Division- Home Furnishing, Class 9, recycled means any material. Note that in this case, the "*Exhibitor must include a description of the recycled materials used.*"
